Testimonial:

Last spring I was introduced to the Women's Council of Realtors Caravan tours by a fellow Realtor. I was able to put one of my listings on a tour and was amazed at the many realtors attended the tour and the professionalism of how the tour was run. The tour was precise, timely and cost effective as well as providing my homeowner with valuable feedback. The tour enabled me to get a much needed price reduction from my seller. We all know that doing a Broker Open house is costly and most times we don't have anyone show. These tours are a great alternative to the Broker Open houses. I strongly encourage you to join this very worthwhile organization.
